

## Roofrack

- Determine Style
- Single Curved Light Bar
- LP6 Individual Round Lights as "Bar"
- Solar Panels
- AC Cutout

<https://roambuilt.com/collections/roof-racks>

### [Safari Rack 2.0 SLB \(single light bar\)](#)

Same design ethos as the original ROAMBUILT SafariRack with an updated modern look to better match the softer lines of the VS30 (2019+) Sprinter. While our original models have a straight front this one comes in a curved front. The rack has been adjusted to accommodate a single row, curved light bar and thus allowing for a streamlined look.

## Side Ladder

<https://roambuilt.com/collections/ladders-1/>

### [Chicane Side Ladder](#)

Style and functionality combined. Roambuilt's chicane ladder contours the rear wheel well for optimal fit and finished look.

## Exterior Lighting Options

<https://www.bajadesigns.com/led-auxiliary->

### [LED Auxiliary Lights - Baja Designs - Off-Road LED & Laser Lights. | Automotive, Jeep, Truck, UTV, ., ADV, Dirtbike](#)

Give the lighting on your vehicle a boost by adding LED auxiliary lights. Can be added in various zones and applications.

## Side Steps

- Option for customization w/ Logo or Slogan (i.e. "Mighty Oregon")

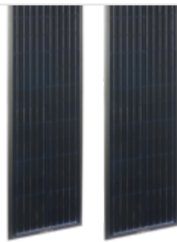

<https://roambuilt.com/products/sidesteps>

### [Side Steps](#)

ROAMBUILT Side Steps split the difference for the standard 24" step up to the AWD Sprinter. The Side Steps are sold in pairs. The Passenger side consists of a Step for the passenger door and a longer step for the sliding door, it covers the entire length between the front and rear wheel arch.

## Rooftop Solar Array
